KHABAROVSK FISH INDUSTRY
PLEDGES TO ECLIPSE QUOTA

In a letter to Stalin, workers of the fish industry and collective fisheries of Khabarovsk Krai have pledged the following:

To fulfill the 1949 plan for fish catching and processing by 7 November, and by the end of the year to give the state 1,906,000 pud of fish above plan.

To fulfill the plan in the production of various fish products and to give the country 24,000 pud of fresh-frozen fish above plan.

To increase labor productivity 3 percent above plan and decrease cost of production 1.5 percent.

To train in schools and educational combines through individual and group instruction a technical minimum of 12,200 workers and fishermen for collective fisheries.

To speed up the turnover of working capital by 8 days and, as a result, to release 20,164,000 rubles in 1949.

To improve the living conditions of fish industry workers by building 28,400 square meters of living space.

Pledge by Kamchatka Oblast

To exceed the 1949 plan by catching and processing 208,000 pud of fish, including 100,000 pud by state agencies.

To improve and increase the variety of fish products and to process 12,000 pud of frozen cod fillets above plan, 12,000 pud of lightly salted products, and to exceed the planned output of salmon roe by 6 percent.

50X1-HUM

To exceed planned labor productivity by 2 percent.

To exceed the planned ruble value of gross output by 2 million rubles.

To reduce the production cost of the market product by not less than 5 million rubles in comparison with the plan by saving on materials and using equipment more efficiently.

To release 15 million rubles to the state as a result of accelerating the turnover of working capital by 8 days.

To produce 300,000 pud of fish products above plan.

To put into operation 10 fish pumps, 1,000 meters of hydraulic troughs, and 10 conveyer systems above plan.

To exceed the planned fish catch per state-enterprise fisherman by 12 percent and per collective fisherman by 10 percent.

To get not less than 3,200 nonworking members of fishermen's families into the industry during the season.

To train and retrain in schools, educational combines, and minimum technical knowledge groups, 7,150 workers and 825 collective fishermen.

To build in 1949 not less than 2,000 square meters of living space above plan.
